

MAKE IT ALIVE AGAIN!

Prepared By : OOOPS team

WHAT IS MIAA?

MIAA – Make It Alive Again is an Erasmus+ KA220 project that brings together people from five countries to restore and reconnect with nature. Our mission:

Replant

Reconstruct

Rebuild

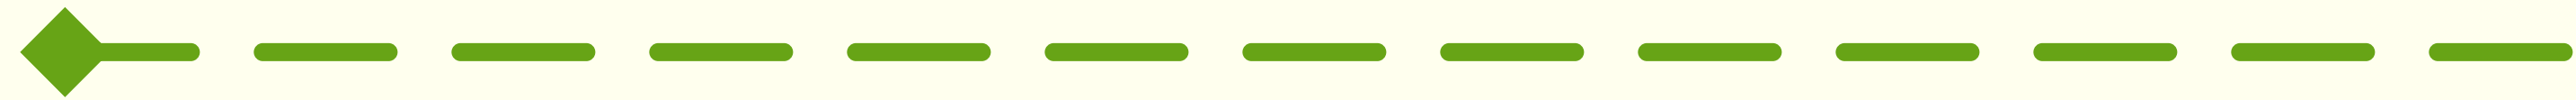

We aim to inspire communities to take action and create lasting change for a cleaner, greener world.

01

WHY OUR PROJECT?

The Earth Needs Us!

Climate change, pollution, and deforestation are damaging our planet. We have the power to fix this! By replanting trees, restoring green spaces, and promoting sustainability, so we can:

Heal damaged ecosystems

01

Rebuild our natural spaces

02

Reconnect people with nature

03

Together, we can make the Earth thrive again.

03

MIAA'S KEY GOAL:

Replant trees and native plants to restore biodiversity.

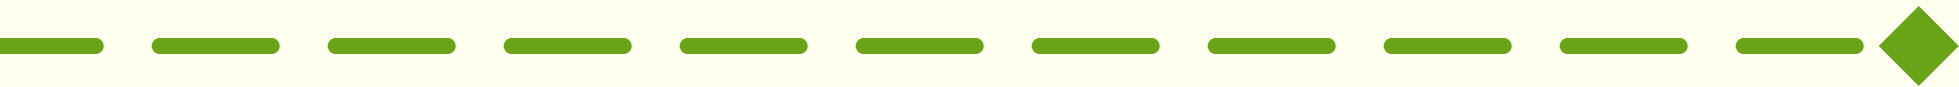

Reconstruct damaged parks and green spaces to bring life back to urban areas.

Rebuild sustainable communities by encouraging eco-friendly practices.

Reconnect people with nature to foster lasting environmental responsibility.

HOW WILL WE ACHIEVE THIS?

04

Planting Trees: Hands-on tree planting in urban and rural areas.

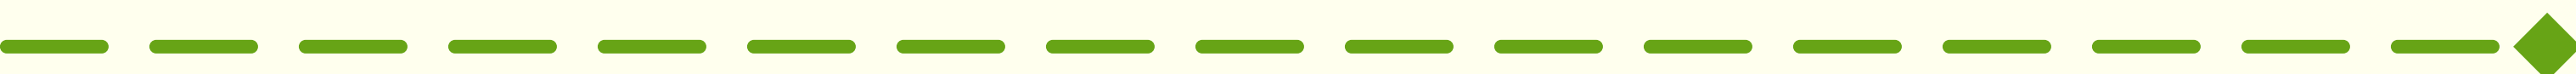

Park Restoration: Rebuilding parks and community gardens.

Clean-up Campaigns: Organizing clean-ups to create cleaner, greener spaces.

Workshops & Events: Hosting educational events to teach sustainable living practices.

Everyone can contribute to the cause, no matter how small the action!

COMMUNITY IMPACT

05

A Global Effort, A Local Impact

MIAA isn't just about environmental restoration—it's about building stronger communities. By working together, we will:

- Foster a sense of ownership and responsibility for our planet.
- Strengthen relationships within and between communities.
- Create a network of eco-conscious individuals who support one another in building a greener future.

GET INVOLVED!

► **MIAA invites individuals and groups to actively participate in:**

- Tree planting events
- Local park restoration
- Community clean-ups
- Educational workshops
- By participating, you'll help restore ecosystems and inspire others to take part in the movement!

INTERNATIONAL PARTNERSHIP

07

MIAA brings together participants from:

Greece

Cyprus

Poland

Lithuania

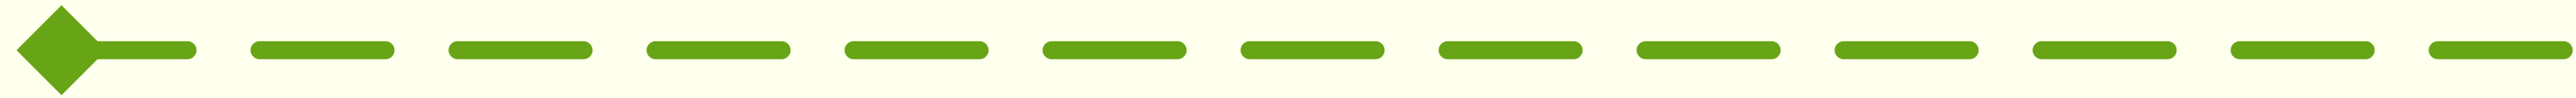

Portugal

Each country will play a unique role in restoring local green spaces while contributing to the global effort of rebuilding and reconnecting with nature.
